At Wayne Phillis Ford, we're celebrating the 50th Anniversary of the Australian built Falcon. It's a car that's shaped the automotive industry with a rich history of innovative firsts and continues to help Ford define the future.

The Ford Falcon has always been a leader in innovation and technology. It was the first motor vehicle to win the Australian Design Award, the first with 6-speed auto, the first with iPod[^] and Bluetooth[®] integration* as standard and the first Australian vehicle to be awarded a 5-star ANCAP safety rating.

With Ford's commitment to investing for the future, Falcon will soon bring you EcoBoost™, an advancement that will deliver 6-cylinder performance with 4-cylinder fuel economy and reduced CO₂ emissions. This innovation will represent the biggest environmental transformation in the evolution of Falcon by giving buyers the newest engine from Ford Motor Company.

To celebrate 50 years of Falcon firsts, we're proud to present the Falcon 50th Anniversary range of sedans and Utes. These limited edition vehicles include unique commemorative features, represent excellent value and are truly a once in a lifetime opportunity.

At only \$37,950 driveaway[#], the Falcon XR6 50th Anniversary sedan includes:

- 50th Anniversary badges, stripes and exterior highlights
- Sports seats with leather highlights and 50th Anniversary logo embroidery
- Carpet mats and scuff plates with 50th Anniversary logo
- 50th Anniversary instrument cluster graphics
- Distinctive 18" alloy wheels
- Dual zone climate control

Other valuable features you'll find across the 50th Anniversary Falcon range (varies by model) include 19" alloy wheels[†], premium audio system[†], reverse sensing system^{††} and satellite navigation^{^^} with Suna Traffic Channel.

After 50 years of perfecting, we believe these are our finest Falcons. Wayne Phillis Ford invites you to come in and see for yourself.
